

Transfer In Form

This form is for members who would like to transfer their pension savings from a previous employer or pension provider into the Nestlé UK Pension Fund (the Fund).

Please complete this form to give the Fund (or its advisers) authority to contact your previous pension providers so we can get any relevant information we'll need to transfer your previous benefits into the Fund.

Anything you transfer into the Nestlé UK Pension Fund will be transferred into DC Core, which is a defined contribution section.

You can read more about how your pension builds up at nestlepensions.co.uk/pension-overview

If you are a member of DC Start, you'll need to move to DC Core before you can transfer in any pension savings from outside the Fund.

You can move to DC Core by filling in a DC Core Option Form, which you can download from nestlepensions.co.uk/forms or complete online by logging into your online account at nestlepensions.co.uk/login
