

Pensions News 2021

*An update from the Trustees
of the Nestlé UK Pension Fund*

Who looks after your pension?

Updates on the Fund and how it works

Reminders from the Pensions Team

Chair's welcome

Welcome to this year's newsletter from the Trustees of the Nestlé UK Pension Fund (the Fund). In this newsletter we aim to explain how the Fund is run, who looks after it and what's been going on over the past year.

Clearly, the last year has presented challenges for everybody and managing the Fund has required changes to the way we work. I am confident, however, that the efforts of the Trustee Board and the Nestlé Pensions Team have ensured a continued high level of service for its members. As a result, we have delivered on some key projects that will have a positive impact for years to come.

Firstly, the Fund's 2018 valuation was completed and signed off this year, bringing with it a valuable package of measures to significantly transform the long-term security of the Fund. This included Nestlé paying a one-off contribution (in June 2021) to clear the Fund's deficit. This was a large and very complex piece of work including a great deal of time and effort from many people. Thank you to everyone who was involved in completing this project.

The valuation has shown that the cost of providing pensions that are being built up by current employees in DB Core and DB CorePlus has increased. This means that employee and employer contributions to DB Core and DB CorePlus stepped up from 1 November 2021. We have also seen some changes

to the Fund's governance. These changes formed part of the package of new measures agreed as part of the valuation. You can read more about the valuation at nestlepensions.co.uk/deferred/valuation-2018

Alongside this, the Trustees set up a Board Effectiveness Working Group. As a result of this group, we've introduced a number of changes to make sure we are working as efficiently as possible, and to reflect the fact that we continue to work remotely for the time being. The Trustee Board has operated very well in an online environment and I anticipate that we will continue to make the most of the flexibility that online meetings give us.

And looking into next year we plan to implement some changes to our defined contribution (DC) sections as a result of the review that we completed this year. Read more about this on page 7.

Finally, in a year in which we saw a record-breaking number of applications, we welcomed Belinda Eddington and Richard Rowden to the Trustee team in June, as well as welcoming back Marcus Barry, who was re-appointed. Sadly, this means we had to say

goodbye to Barbara Firth and Steve Robinson, both of whom have been tremendous Trustee Directors. We'd like to thank them for their commitment and valuable contribution to their respective committees and to the Board during their time as Trustees.

As always, we hope you enjoy reading your newsletter and would be grateful for any feedback. Please get in touch with your comments using the contact details on the back page.

Steve Delo
(Chair of the NUKPF Trustee Board)

- The DC Implementation Statement
- DC Chair's Statement
- The Trust Deed and Rules

Looking after your pension

The Fund is managed by a Trustee Company (Nestlé UK Pension Trust Ltd) which has an overall duty to run the Fund in line with its Trust Deed and Rules, as well as current pensions law. This Trustee Company acts through us, its Board of Directors (generally called the 'Trustees').

Our Trustee Board is made up of four Trustees appointed by Nestlé and four Trustees selected from member nominations. The Board is also supported by the wider Nestlé Pensions Team and a range of professional advisers.

What do we do?

As Trustees, we're responsible for overseeing the running of the Fund and safeguarding it on behalf of you, its members. With the help of advisers, and the Nestlé Pensions Team, we make sure that contributions are made to the Fund, that its assets are invested appropriately and as securely as possible and that member benefits are paid correctly and on time.

Changes to your Trustee Board

This year, Barbara Firth and Steve Robinson were replaced by Belinda Eddington and Richard Rowden. We'd like to thank Barbara and Steve for their commitment and valuable contribution to their respective committees and to the Board during their time as Trustees. We now look forward to working with Belinda and Richard, and to continuing to work with Marcus (who was re-appointed in June).

Your current Trustees are:

(Left to right) Marcus Barry, David Baxter, Malcolm Burridge, John Chilman, Steve Delo, Irene Donaldson, Belinda Eddington, Richard Rowden

Marcus Barry

Marcus is a Nestlé pensioner who retired from the business in May 2020 after nearly 30 years' service.

David Baxter

David is a Member Nominated Trustee and a pensioner member of the Fund.

Malcolm Burridge

Malcolm is a Nestlé Appointed Trustee and is currently building up pension in the Fund.

John Chilman

John is a Nestlé Appointed Trustee and an Independent Trustee.

Steve Delo

Steve is a Nestlé Appointed Trustee and an Independent Trustee. He's also the Chair of the Trustee Board.

Irene Donaldson

Irene is a Nestlé Appointed Trustee and is currently building up pension in the Fund.

Belinda Eddington

Belinda is a Member Nominated Trustee and is currently building up pension in the Fund.

Richard Rowden

Richard is a Member Nominated Trustee and is currently building up pension in the Fund.

Spotlight on: your new Trustees, Belinda and Richard

This year we welcomed Belinda and Richard to the Trustee team.

Belinda

What do you do at Nestlé?

I've been at Nestlé since 2004 and currently work as a project manager in the Finance Excellence team. My job focuses on process improvement and how we can work more efficiently and I love how much of the business I get to see within my role.

What do you enjoy doing when you're not at work?

I love discovering new places to visit with my family in our home county of Sussex.

The opportunity the pandemic has given me to explore and find beautiful lakes, gardens, vineyards, picture postcard villages and forest paths on my doorstep has been fantastic!

What made you want to become a Trustee?

I knew that being a Trustee would be rewarding and challenging. I love learning new skills – especially in a world that changes as quickly as the world of pensions, and I wanted to use these new skills, as well as my existing ones, to help other members secure the best financial future. I also enjoy working with new people and getting to know what they bring to the role and am already learning so much.

Richard

What do you do at Nestlé?

I am a third-party contract manager, which means I look after suppliers who make finished products on behalf of Nestlé. I work predominately with the Coffee and Nestlé Professional categories.

What do you enjoy doing when you're not at work?

Recently, I've been working in the garden and doing lots of DIY – very different to my day job where I mainly sit at the PC all day with a headset on. It's nice to do something physical for a change!

What made you want to become a Trustee?

I'd been a pension member representative for several years and wanted to be more involved in helping to deliver better outcomes for all members. I was very surprised at the number of people who actually applied for the role and feel lucky to have been selected. I'm really looking forward to getting to grips with the world of pensions and learning more about topics like responsible investment.

How your pension works

You can find out about how your pension works, how it builds up and the changes that you can make at nestlepensions.co.uk/deferred/pension-overview

Pensions and investment

How you choose to invest your pension savings is an important decision, particularly when it comes to your attitude towards risk. But what exactly does it mean when we talk about your pension savings being invested?

The savings you made to your DC account are invested in different things to help it grow in value. The types of things, or 'assets', that your account is invested in will depend on the investment decisions that you made or which section you are in.

There are four main types of assets:

Each type of asset comes with a different level of risk and reward. The higher the potential reward, the bigger the potential risks.

For example, cash is considered to be a low-risk asset (type of investment). But this also means that it doesn't usually grow much in value over the long term, so it's likely to give you a low reward (low investment returns).

An asset like equities (shares in companies) is generally considered to be higher risk. So while it can grow more over the long term (by providing investment returns), your pension savings may also experience investment losses at some point. Most people tend to invest in a range of assets to spread the risk.

Read more about investments at nestlepensions.co.uk/deferred/investments

How is my account invested?

If you saved into DC Start, your DC savings were automatically invested in the Lifetime Pathway. If you were saving into DC Core, your DC savings are invested as you asked us to – either in the self-select funds or in the Lifetime Pathway.

In the Lifetime Pathway your savings are automatically divided between investment funds and moved to more stable investments as you approach your target retirement age. Your target retirement age tells us when we should start moving your savings into more stable investments.

For DC Start members, your target retirement age is automatically set to your 'normal pension age', which is usually the same as your state pension age. DC Core members are asked to select a target retirement age if they invest in the Lifetime Pathway.

Read more about the Lifetime Pathway at nestlepensions.co.uk/deferred/lifetime-pathway

If you're in DC Core and want to manage your investment choices yourself, you can choose from a range of nine self-select funds. If you choose this option, your savings will not automatically move into lower-risk investments as you approach retirement – but you can move your pension savings to new investments yourself.

You can read more about your current investment choices at nestlepensions.co.uk/deferred/investments

The DC investment review

In our 2020 edition of Pensions News, we mentioned that we had started a review of the current DC investment arrangements. We're pleased to say that we completed the review earlier this year and now plan to implement changes to the Lifetime Pathway and self-select funds as a result.

As result of the investment review we hope to deliver better outcomes for our members, by providing:

- Lower investment fees – so that you pay less in costs and charges during the time that your pension savings are invested in the Fund.
- Investment returns that are the same or better but that have a lower risk profile.
- More investment options for you to choose from.

As these changes involve work on both investments and our administration system, we have split implementation into two phases:

Phase one

Changes to the underlying investment funds in the Blended Assets Fund. These changes needed to be made as a matter of priority and were carried out in September. You can read more about these at [nestlepensions.co.uk/deferred/blended-assets-update](https://www.nestlepensions.co.uk/deferred/blended-assets-update)

Phase two

Changes to the Lifetime Pathway and self-select funds that involve updates to our administration system. We will be implementing these changes in the first half of 2022 and will write to you with more details closer to the time.

Read more about these changes at [nestlepensions.co.uk/deferred/blended-assets-update](https://www.nestlepensions.co.uk/deferred/blended-assets-update)

Responsible investing

While we continue to make good progress on our responsible investing principles and practices, the regulatory environment for pension schemes on responsible investing is also evolving.

Regulations that came into effect in October this year require pension scheme trustees to look at the management and governance of climate-related risks and opportunities and to report these to scheme members. These regulations are in line with recommendations from the Taskforce on Climate-Related Financial Disclosures (TCFD), which sets out how organisations around the world should disclose the climate-related risks and opportunities they face.

As Trustees, we have worked to ensure that we are compliant with the first phase of the requirements and we are now working towards the necessary reporting requirements set out in the new legislation. As a result, we will need to complete our first TCFD report by 31 July 2022 and include this within the Fund's annual Report and Accounts. We'll update you on the key points of this report in future newsletters.

DC Chair's Statement 2020

Each year, trustees of DC pension schemes are required by law to produce a statement setting out how the scheme has met certain standards. This document is known as the DC Chair's Statement.

We publish the DC Chair's Statement on the website in July each year. You can read the Statement for the year ending 31 December 2020 on the website now.

One of the things it includes, is a section on the assessment of value of the DC arrangements. This year, the Trustees concluded that our DC arrangements continue to be good value to members, scoring 4 on a scale of 1 (poor) to 5 (excellent).

You can read the DC Chair's Statement at [nestlepensions.co.uk/deferred/how-the-fund-is-run](https://www.nestlepensions.co.uk/deferred/how-the-fund-is-run)

HAVE YOU READ OUR SCAMS PAGE?

To make sure you're keeping your retirement savings safe, it's important that you keep an eye out for scams and make sure you know the warning signs.

Top tips for avoiding scams:

- 1 *Reject unexpected offers*
- 2 *Check who you're dealing with*
- 3 *Don't be rushed into making a decision*
- 4 *Get impartial information or advice*

You can read more about pension scams and how to protect yourself against them on our dedicated scams information page at nestlepensions.co.uk/deferred/scams

Did you know that Nestlé Pensions has signed up to The Pensions Regulator's Scam Pledge?

That means we're putting even more measures in place to help protect our members from scammers.

The minimum retirement age is changing

As a result of government consultation, the normal minimum retirement age (the minimum age that you can access your retirement savings from) is changing from 55 to 57 from April 2028. Most people can't access their retirement savings before then.

To see what this means for you, please visit the government website at www.gov.uk/government/publications/increasing-the-normal-minimum-pension-age-for-pensions-tax/increasing-the-normal-minimum-pension-age-for-pensions-tax

The normal minimum retirement age is changing to 57 from April 2028.

Have you heard about MoneyHelper?

The MoneyHelper website is designed to help make your money and pension choices clearer and has brought together the support and services of three government-backed financial guidance providers (Money Advice Service, The Pensions Advisory Service and PensionWise).

So, if you want to access free guidance about finances – whether that's relating to money troubles, what kind of benefits you might be entitled to, or to get help understanding your different pensions and retirement options, MoneyHelper may be able to help.

You can access their services at moneyhelper.org.uk or by calling 0800 011 3797.

Reminders from the Pensions Team

Is your Nomination Form up to date?

If your circumstances change, or if it's been a while since the last time you filled in a Nomination Form, it's important that you update your form. This is because we use it to help us decide who you'd like to receive any cash sum that might be paid when you die.

If you are married or in a civil partnership, your spouse or civil partner will receive a spouse's pension. If you are not married or in a civil partnership, or have been separated from your spouse/civil partner for at least two years, the Trustees may pay some or all of the pension to a nominated dependant if they meet the criteria of a dependant under the Fund's rules. If you would like the Trustees to consider a dependant for this benefit, you must complete a Dependant's Pension Application Form.

To help make sure your loved ones are protected after you're gone, update your Nomination Form today.

You can find forms online at nestlepensions.co.uk/deferred/forms

To find out more about the benefits your loved ones might receive when you die, visit the 'After you die' page of the 'Life events' section on the website or contact Nestlé Pensions using the details on the back page.

Are your details up to date?

It's important that we have the right contact details for you so that we can communicate with you about your pension. If you are planning to move house, please let us know using the details on the back page.
